PLACES TO GO

Welcome to this handy guide to our bus services in and around Weymouth, to and from Dorchester and out along the Jurassic Coast.

We're giving our buses a bit of a makeover and have started to repaint our fleet of local buses into our new, smart green and yellow Wessex colours.

We've also introduced thorough deep-cleaning routines to keep our buses safe for you to travel on, as you'd expect.

So whether you're just taking a short hop into town or heading off for a fantastic day out on one of our Coaster buses, we look forward to welcoming you on board soon.

If you need any help or more information, get in touch - details are on the back page.

Portland Lighthouse

Portland Bill Lighthouse is 135ft (41 metres) tall. Finished in 1906, it replaced two earlier lighthouses built in 1716, and first shone out on 11 January 1906.

The lighthouse guides passing vessels through the hazardous waters surrounding the Bill.

Portland Stone

Quarried on the Isle of Portland since Roman times,

Portland Stone has been used extensively as a building stone throughout the British Isles, notably in major public buildings in London, such as St Paul's Cathedral, Buckingham Palace and for the Cenotaph in Whitehall.

Thomas Hardy

Hardy, one of
England's most
renowned

novelists and poets, arrived in Weymouth in 1869, when he was 28, and it's thought he took lodgings in Wooperton Street.

The fictitious seaside town of Budmouth in his novels was based on Weymouth and Hardy continued to visit Weymouth throughout his life.

Jane Austen

Weymouth is portrayed in the novels of Jane Austen as a seaside resort for profligate young men and silly women, and the ideal place for a foolish, secret engagement. In *Emma*, for example, it's where Jane Fairfax and Frank Churchill meet and fall in love and where they also get secretly engaged.

Maiden Castle

Get off at Winterbourne Monkton to go exploring the mightily impressive earthworks of Maiden Castle.

This is the largest and most complex Iron Age hillfort in Europe. The massive ramparts date from the 1st century. Then, its gleaming white chalk ramparts would have towered over the surrounding landscape, protecting the several hundred people that would have lived there.

Excavations have revealed its origins as a Neolithic enclosure over 6,000 years ago, and discovered a Roman temple from the 4th century AD. Archaeologists have also discovered evidence of a late Iron Age cemetery, where many of those buried had suffered horrific injuries.

You can live-stream a free audio experience on your mobile device or download an audio app to take you on a 40-minute journey through time and place.

JURASSIC COASTER

The glorious Dorset coastline that stretches all the way from Poole Harbour in the east to beyond Lyme Regis in the west is spectacular, and is England's first natural World Heritage Site.

It has become known as the Jurassic Coastline due to the large number of fossils from the Jurassic Period - over 150 million years ago - found along its shoreline.

Jurassic Coaster buses are the best way to get out and explore these beautiful landscapes and the charming towns and villages along the way.

Use these timetables to plan where to go. Our go-as-you-please unlimited travel tickets are great value and allow you to stop off where you want as often as you like.

OPEN TOP BUS RIDE

Get a breath of fresh air on our open top X52 Jurassic Coasters. It's a great way of seeing some gorgeous scenery, too.

West Bay

This lovely spot has towering red cliffs, a broad shingle and sand beach backed by old cottages and a 19th-century customs house. As the setting for the TV drama, Broadchurch, there is a themed guided walk to enjoy.
